

NEW Access Control Spindle

This NEW Spindle is designed to provide a strong and secure fixing for the outside fixed dead (dummy) Lever/Knob when used in conjunction with a Night Latch/Electric Strike/Key Fob. Typical applications are hotel bedroom doors and high-end residential apartment entrance doors. The advantage of this unique design is that all the pull force is transferred through the spindle. Available in four lengths to suit most door thicknesses.

7806	A	B	C	D
L (length)	103	113	123	133
Door Thickness Range	44 to 53	54 to 63	64 to 73	74 to 84
